

EASTER GREETING

May the new Easter sun scatter the
shadowy fears in our lives.
May the rumble of the stone rolled away
send the signal for joyous living.
May our daily walk with the risen One help us
see all people as children of God,
keep our eyes peeled for those left out,
and speak eloquently with our hands.

Take courage. It is I. Have no fear. (Mt. 14:27)

Love from Rudy & Dorothy Schaser
